Of the few topics that I've posted in recent days, I need a Thunderbolt potion and I don't know where the hell to get one. I read that you get it before I meet Griffin in the White Garden, but I never got it, and it's not listed in my potion sections under alchemy. I don't know how to get this. Recipes can usually be obtained from shopkeepers. After receiving the recipe and the necessary ingredients, Geralt can brew the potions himself from the Alchemy tab on the menu. Elements of the potion can be updated by finding a recipe for an updated version of the same potion. When he has a new recipe, Geralt can use the existing potion along with other ingredients to alchemize a new, more powerful potion. Most potions have three levels of quality - Standard, Advanced, and Superior, with effects of improvement depending on the level. Teh Teh 3: Wild Hunting's common discussion is a topic of detail on how to get stuff for ThunderBolt potion I seem to be stuck. He asks me to make a lightning potion to kill Griffin. I don't have the items needed to cook it. I use an xbox controller. That tells me to open the game menu. He won't even do it. I downloaded an earlier save and then re-made the quest right before that and I'm still stuck. I know I risk sounding like a complete noob. Where exactly can I get the material for the lightning potion. Note: This is only to be used to report spam, advertising and problematic (harassment, wrestling, or rude) messages. Thunderbolt is a potion in The Witcher, The Witcher 2: Assassins of Kings, and The Witcher 3: Wild Hunt. The Witcher Damage 100%Parry -50%Dodge -50% Witches take this potion before fighting strong, heavily armored opponents. Imbibing Thunderbolt forces witches to enter into a combat trance. Being in this state, sorcerers attack more effectively and cause more damage, while neglecting their own defense and becoming an easier target. Thunderbolt increases damage to opponents by 100%, but reduces evasion and parry efficiency by 50% each. Source Witcher 2: Killer Kings 0.2 20% -50% regeneration -50% regeneration in combat -50% Formula for this potion must be purchased before it can be welded. Writing in Thunderbolt magazine, the potion increases muscle strength and thus the damage done by the sword. As simple as effective, brew a more powerful version of the rook potion. Unfortunately, Thunderbolt can break weaker muscle fibers, reducing both vitality and regeneration. These side effects can be mitigated by taking a swallow potion. The potion significantly increases the toxicity of absorption. This potion is recommended before fighting particularly resistant or heavily armored monsters. The Witcher 3: Wild Hunt 0 100 Increases Attack Power.30% Attack Power 1 x Dwarf Spirit2 x Cortinarius1 x Endrega embryo Thunderbolt returns as potion in the third game. Three of these potions can be manufactured at any given time and placed in a consumables slot. Thunderbolt's recipe is given to Vesemir in search of the Beast of the White Garden once all preparations for the griffon fight are complete. All the ingredients needed to make the potion are also provided then.
