The rules are simple- you make a normal Nuzlocke, regardless of the additional rules that you normally apply and many more, but what is different is you use eggs instead of catches. 0Right0 1. If your Pokemon faints, it dies. You will need to box or release it. 2. One Pokemon in the area, only the first can be caught. If you catch your first meeting, you will swap it for an egg in the PC and hatch an egg. If you don't catch it, there's no egg either. 3. Like EGGLocke, you will need a pair of boxes filled with eggs. This can be done with trading eggs, hacking eggs, or downloading someone else's to keep the file online. I know the drives may not be shared, but I'm totally unsure of the save files, so I won't share any here, and I advise you not to if someone says it's definitely okay to do. Cheating in a bunch of rare nods (or glitch/trade them in the works too) when you hatch Pokemon you'll use them to align it up to the level of each part-You can use the Pokemon starter, or switch it to an egg. -Instead of rare candy up to the level of the meeting, you can choose to align them to the lowest level of Pokemon in your team. (not counting Hm buddies). The challenges are over whenever you want after you pass the League at least once. Fight AK or red if you want, but make sure blue, Lance, Stephen, Wallace, Cynthia, Ghetsis, Alser, Iris, or Dianna beat once. Hacks apply too, but full of hacks are a racking look for Ultimate Games. Ultimate players using Kalos games will only need to play BW OR BW2, but players applying to Unova will need to pass one of BW and BW2 to save the number of games played. Of course, you can still play both. Although it says Gen I, only FRLG are acceptable as RBGY has not been breeding and for this there are no eggs. I don't know if a spin-off like XD or anything eggs, so if you want to make this game and it eggs then go for it and tell me please and I'll add it to the roster.
